BeneFlex Benefits

Medical Plan

You can choose to be covered by one of two medical plan options, both of which automatically come with prescription drug and mental health/chemical dependency coverage. Both options also include a Health Savings Account (HSA), if you certify on **DuPont Connection** when you enroll that you meet the HSA eligibility requirements. Your carrier will be either Aetna or Highmark Blue Cross Blue Shield, based upon your home address.

1. Premiums shown are on a monthly basis. The amount deducted from your pay may vary depending on your pay frequency.

What You Pay

HEALTHY INCENTIVE CREDIT

The Healthy Incentive Credit reduces your medical plan premiums each month. It is available to active, U.S. benefit-eligible employees (not spouses/domestic partners or dependents) ages 18 and over, who enroll in the BeneFlex medical plan and complete the steps required to earn the credit.

Employees hired during the plan year will automatically receive the Healthy Incentive Credit for that year. Additionally, employees hired on or after July 1, 2018, will automatically begin to receive the \$40 monthly 2019 Healthy Incentive Credit upon electing medical coverage through DuPont. In future years, you will be required to complete certain steps to earn the credit.

TOBACCO USER?

Supporting DuPont's global tobacco-free policy, a \$50 monthly surcharge is added to your medical premiums if you are a tobacco user. You will be required to attest to your tobacco use during each Annual Enrollment period.

Employees hired during the plan year will not be assessed the tobacco surcharge for that year. Additionally, if your hire date is on or after July 1, 2018, the surcharge for 2019 is waived — but you are still encouraged to take advantage of tobacco cessation resources offered through DuPont. These include:

- Tobacco cessation coaching;
- Free prescription tobacco cessation medication as part of the BeneFlex Medical Plan (call CVS Caremark at **1-844-212-8696** or log on to **www.caremark.com** to learn more); and
- Up to six free Employee Assistance Program (EAP) sessions per year to help you manage emotional issues that you may experience while you are trying to quit.

To Find a Network Doctor

If DuPont Connection shows that your carrier is:	Go to:
Aetna	<ul style="list-style-type: none"> • Go to www.aetna.com/docfind • Register, log in (once registered), or continue to the site as a guest • If using the site as a guest, enter your ZIP code • Follow the prompts and select "Aetna Choice POS II (Open Access)" as the network name (this is the name of the Aetna network — not your DuPont medical plan option)
Highmark BCBS	<ul style="list-style-type: none"> • Go to www.highmarkbcbsde.com • Click "Find a Doctor or Rx" • Click "Find a Doctor, Hospital or other Medical Provider" • Under "Pick a plan," type "DUP" in the "Enter the first three letters of your member ID" field • Then, search by name, specialty, or condition

Prescription Drug Coverage

If you elect BeneFlex medical coverage, you will be automatically enrolled in prescription drug coverage administered through CVS Caremark. Your prescription drug costs will depend on if you choose to purchase drugs at retail or mail order, an in-network or out-of-network pharmacy, and the category of the drug on the CVS Caremark drug list (also called a formulary).

Visit the CVS Caremark website at www.caremark.com or call CVS Caremark at 1-844-212-8696 for more information.

ABOUT CVS SPECIALTY: YOUR SPECIALTY MEDICINE PHARMACY

CVS Caremark manages specialty medications through CVS Specialty.

If your doctor prescribes a specialty medicine, call CVS Specialty at 1-800-237-2767 to confirm your coverage and buy your medicine directly through CVS Specialty.

You will pay the full retail cost for any specialty medicine you don't buy through CVS Specialty or at a CVS retail location, including specialty medicine ordered in your doctor's office. If you buy your specialty medicine at a retail pharmacy other than CVS, you'll need to show your regular prescription plan ID card. The pharmacist will receive a message indicating the drug is not covered at a retail pharmacy, along with instructions for you to contact CVS Specialty. If you complete the prescription fill at a retail pharmacy, you will be responsible for 100% of the pharmacy cost for that medicine — and it will not apply to your deductible and out-of-pocket maximum.

Mental Health and Chemical Dependency Treatment and the Employee Assistance Program (EAP)

DuPont has established the Employee Assistance Program (EAP) to provide assessment, evaluation, and referral for mental health and chemical dependency treatment for you and your covered dependents.

ComPsych is the administrator of the EAP. For participants in the Core and Premium Saver PPO medical plans, ComPsych also administers your mental health and chemical dependency coverage — not your medical carrier (Aetna or Highmark BCBS).

When you call ComPsych, you will speak with an EAP consultant. The consultant will confidentially assess your situation and, if necessary, refer you to an EAP network provider who will meet your needs.

For all benefit-eligible employees and their dependents, six free EAP counseling sessions apply to each unique situation per year that is assessed by the EAP as a short-term counseling need.

If additional care is needed beyond the six free EAP sessions, you may be eligible to continue treatment under your DuPont medical plan coverage.

Health Savings Account (HSA)

The HSA is a bank account opened in your name through Bank of America when you enroll in the Core or Premium Saver medical plan option and verify your eligibility when you enroll. DuPont contributes to your HSA, and so can you. The more you contribute from your paycheck on a tax-free basis, the more you can save to use toward medical expenses in the future. Remember to consider any contributions made with a previous employer during the same calendar year to ensure you do not contribute more than the Internal Revenue Service (IRS) maximums and incur penalties.

For 2019, after DuPont's contribution you can contribute up to:

- \$2,900 if you cover just yourself (for a total of \$3,500 in 2019);
- \$5,800¹ if you cover more than yourself (for a total of \$7,000 in 2019); and
- An additional \$1,000 if you are or are turning age 55 or older in 2019.

Note: Your employer and any employee HSA contributions will begin with your first pay statement in the month following your medical elections. Contributions will post to your account shortly after they show on your pay statement.

Use your personal and Company contributions to pay for any expenses that are applied toward your deductible or out-of-pocket maximum (for example, doctor office visits or prescription drug coinsurance amounts) or — since the money rolls over each year — save it for future eligible medical expenses. Check with your tax advisor for additional tax requirements.

Learn more about the DuPont HSA through Bank of America, the HSA administrator, at <https://myhealth.bankofamerica.com>, or 1-877-319-8115.

1. Includes any contributions made by your spouse/domestic partner, assuming your domestic partner qualifies as a tax dependent.

About Specialty Medicines

Specialty medicines are drugs that are used to treat complex conditions, such as anemia, growth hormone deficiency, hemophilia, hepatitis C, high cholesterol, multiple sclerosis, and rheumatoid arthritis.

Whether they're administered by a health care professional, self-injected, or taken by mouth, specialty medicines require special handling. These drugs are complex to use and expensive, and your therapy could require frequent adjustments to your doses and intensive clinical monitoring.

How to Contact ComPsych

You can contact ComPsych by visiting www.guidanceresources.com, or by calling 1-800-435-7266. The access code is DUPONTEAP.

Other Resources

Teladoc

Teladoc provides access to a national network of U.S. board-certified doctors by phone (and online in certain locations), 24 hours per day, 7 days a week. The service is offered as part of your medical coverage, and you should register for Teladoc as soon as your coverage takes effect so that you are all set when you are not feeling well. Simply set up an account with Teladoc at www.teladoc.com/dupont.

Then, when you need help, request a consultation. A doctor can help virtually diagnose and recommend a course of treatment for non-emergency medical problems, such as ear infections, sinus problems, or flu symptoms. In many locations, your Teladoc physician can even call in a prescription to your pharmacy if necessary.

At \$40 per visit, a Teladoc doctor is significantly less expensive than urgent care and emergency room visits, and the charges are applied to your medical plan deductible. Once you meet your medical deductible, each appointment costs even less.

You can also contact Teladoc at **1-800-TELADOC** (1-800-835-2362).

Castlight

When you need care, use Castlight™ to research the costs different providers charge so that you don't spend more than you have to.

Additionally, with Castlight you can:

- Find a doctor or dentist, and view quality reviews and qualifications.

Castlight connects with your medical, prescription drug, and dental carriers to incorporate your plan option, deductible, and out-of-pocket maximum so that you can estimate your expenses and see a full spectrum of your health care and resources.

It's all available at the touch of a button via the Castlight smartphone app, which you can download from your phone's app store. Or, visit Castlight directly at www.mycastlight.com/dupont.

Be assured that your information is protected — Castlight will never share any personal details about your health with DuPont.

You have the choice between two dental plan options administered by MetLife®. When you use benefits providers in the MetLife Preferred Dentist Program Plus (PDP Plus) network, you can limit your out-of-pocket costs.

2. The benefit for the Preferred Dental Provider Plus network dentist is determined on the network-negotiated amount. For out-of-network providers, R&C limits apply, where R&C amounts are based on the 90th percentile. Additional frequency limits may apply to certain covered services.
3. The lifetime orthodontic limit is a combined maximum for both options; however, the High Option provides an additional \$300 of lifetime coverage.

Flexible Spending Accounts (FSAs)

LIMITED PURPOSE FSA

A Limited Purpose FSA lets you pay for eligible **dental and vision** expenses **only** with money you set aside from your paycheck on a before-tax basis — from \$120 up to a maximum contribution of \$2,650 per year.

DEPENDENT CARE FSA

With a Dependent Care FSA, you can set aside tax-free money to pay for day care for your child who is under the age of 13 or for a spouse/domestic partner or dependent age 13 or over who is not able to take care of him/herself. You may contribute up to \$5,000 per year, depending on your tax status.

Learn More

Learn more about the DuPont FSA options through Bank of America, the FSA administrator, at <https://myhealth.bankofamerica.com>, or 1-877-319-8115.

Life Insurance

DuPont automatically provides you with basic life insurance coverage equal to your annual pay. You don't pay anything for this coverage, and you don't have to enroll to receive it. (Company-paid coverage over \$50,000 is subject to imputed income taxes.)

When you enroll in your benefits, you may choose to do the following:

- **Purchase more coverage:** You can buy additional life insurance coverage for yourself on an after-tax basis (subject to evidence of insurability), up to 8x your annual pay (including the 1x your annual pay provided by DuPont); or
- **Reduce your coverage:** You can purchase coverage equal to \$10,000 or \$50,000 and receive employee life insurance (ELI) cash (also referred to as ELI credit) in your paycheck.

SPOUSE/DOMESTIC PARTNER LIFE INSURANCE

You can choose from these life insurance coverage amounts for your spouse/domestic partner (evidence of insurability, or health information, may be required):

\$10,000	\$25,000	\$50,000	\$100,000	\$150,000
\$200,000	\$250,000	\$300,000	\$350,000	\$400,000

CHILD LIFE INSURANCE

You can elect dependent life insurance for your eligible children (including your domestic partner's eligible children) in these amounts: \$5,000, \$10,000, or \$20,000 per child. The coverage amount you select covers each of your eligible children for that amount — regardless of the number of children you have.

There is no waiting period for newborn life insurance. Your newborn child will be automatically covered for \$5,000 for the first 31 days following live birth. Additionally, dual DuPont couples may both cover children up to a maximum of \$40,000 (up to \$20,000 of coverage per child is available to each employee).

Attention FSA Participants: Domestic Partners Must Be Dependents

You cannot claim health care or dependent care expenses for a domestic partner or a domestic partner's child(ren) unless they are considered by the IRS to be your dependents.

Cover Your Domestic Partner?

For your domestic partner or child of a domestic partner to qualify as your beneficiary, he or she **must** be specifically designated as a life insurance beneficiary by you. Default payment rules do not apply to domestic partners or children of domestic partners.

ACCIDENTAL DEATH INSURANCE

DuPont helps you protect yourself and your family from the financial hardships a serious accident can cause. You automatically have Company-paid Accidental Death Insurance coverage equal to 1x your annual pay. This coverage is in addition to your Employee Life Insurance benefit and pays a benefit to your beneficiaries if you die in an accident. Also, if you are permanently injured in an accident, a percentage is paid for specific losses, such as a limb or eyesight.

If you purchase additional Accidental Death Insurance for yourself, you can also purchase coverage for your spouse/domestic partner and/or eligible children.
