

While poor oral health can have a negative impact on systemic conditions, regular preventive dental care can provide early indications of serious health issues.¹

That's why, in addition to the usual two cleanings per year, **DuPont** employees who are enrolled in MetLife Dental may also be eligible for additional cleanings if you've been diagnosed with certain qualifying medical conditions².

Have you, your spouse or your dependent children been diagnosed with any of the following conditions?

|---|---|
| <input type="checkbox"/> Pregnancy | <input type="checkbox"/> Thyroid Disease |
| <input type="checkbox"/> Organ Transplant | <input type="checkbox"/> Head and Neck Cancer Radiation |
| <input type="checkbox"/> Chronic Kidney Disease | <input type="checkbox"/> Sjogren's Syndrome |
| <input type="checkbox"/> Heart Disease | <input type="checkbox"/> Hypertension |
| <input type="checkbox"/> Stroke | <input type="checkbox"/> Diabetes |

If you checked one or more of the boxes, you may be able to receive an additional cleaning and other preventive services, per benefit period, under the Preventive Plus Program through your MetLife Dental coverage.

For questions, please call 1-855-638-3944, option 1. We're available Monday through Friday, from 8 a.m. – 11 p.m. EST.

To take advantage of this benefit, you may have to submit a **new application to MetLife every plan year.**

This dental benefits plan is made available through a self-funded arrangement. MetLife administers this dental benefits plan, but has not provided insurance to fund benefits. Group dental plans featuring the Preferred Dentist Program are provided by Metropolitan Life Insurance Company, New York, NY 10166. Like most group benefits programs, benefit programs offered by MetLife and its affiliates contain certain exclusions, exceptions, reductions, limitations, waiting periods and terms for keeping them in force. Ask your MetLife representative for costs and complete details.
